Financial Officer:	Jakub Harašta (jakub.harasta @law.muni.cz) - registration agenda, accommodation, payment of conference fees, online payment site
Technology Officer:	Václav Stupka (wasza@wasza.com)
Staff Coordinator:	Jan Zibner (jan.zibner@mail.muni.cz)

USEFUL INFORMATION

Security and emergency

- Being relatively a small town, Brno is in general a safe place. However, before the Christmas, there is an increase in the appearance of pickpockets.
- The universal phone number for any kind of emergency is 112 (operators speak English).

Currency and prices

- Local currency is the Czech Crown (CZK) (Current official exchange rates: 26 CZK/1 EUR)
- Regularly, only CZK is accepted at shops, restaurants, by taxi drivers etc. It is usually possible also to pay by most frequent credit and debit cards (Visa, MasterCard). ATMs are relatively frequent in the centre and they operate non-stop. ATMs near the conference venue are located in the Conference map.
- Some indicative prices: lunch menu in a restaurant (CZK 100-130/EUR 4-5) -- mineral water 0,5l (CZK 25/ EUR 1) -- draught beer (CZK 40/EUR 1,5) – coffee (40 CZK/EUR 1,5)

Meals and refreshments

- Speakers, delegates and paying students get free reception on Friday and coffee breaks and lunch buffet on Saturday at Faculty of Law.
- All participants (students, speakers, delegates) might register for a conference dinner on Saturday 25th November
- Other recommended restaurants are located on the Conference map (available online).

Internet

- There will be computers available for the participants at the Faculty of Law. Particular information including login data will be provided on the spot. The room with the computers is 060 (marked "PC Lab").

SURVIVAL GUIDE

- Wireless connection - Faculty of Law is covered by eduroam wireless network (visit <http://www.eduroam.org/> for further information) and MUNI network. Please, note that the eduroam network is accessible only for researchers, teachers, students and staff from institutions participating on the eduroam project. The MUNI network can be used by anyone upon single web-login (connect to the Wi-Fi network MUNI and open your browser and visit any page). The login credentials are provided on the bottom side of your name badge.
- Hotel Continental has its own wireless hotspot as well as free in-room Ethernet connection (a cable can be obtained at the reception upon request). On the Hotel Garni wireless internet connection is available only at the reception; Internet connection via standard RJ-45 Ethernet cable in the rooms is possible. Connection cable can be borrowed at no cost at the reception of the hotel. Hotel Sono has its own wireless hotspots in rooms.
- There are several internet cafés in the very centre of Brno as well as on the Veveř Street. Additionally, many local cafés regularly offer free wireless internet connection (e.g. Café 04 or Café Tivoli just down the street from Faculty of Law). The list of cafés with free Wi-Fi: <http://www.free-wifi.cz/internet-zdarma/Brno.html>.

Powerplugs (for UK and Overseas)

- If you are bringing any electronics with you from the UK or overseas, you might need a power adaptor. The standard power plug for the Czech Republic is the French type E (a two-pin plug), Europlug or CEE 7/17 standard (see the pictures below).
